

Unfucking believable.

*—Who invented this
"internet" thing,
anyway? They*

Uh, sir, we did. shot.

*Don't tell me
we came up
with these
goddamn
digital
cameras,
too—?*

*Sir, I hate
to break it
to you...*

**Digital imaging was born
in the Cold War from spy
satellite and space research.**

**The internet began with
ARPANet, another Defense
Department creation, and
first went live in 1969.**
